 - AJ Machine
 - Deca Industries

Who is SIMSA?

SIMSA Mandate

To represent the interests and concerns of Saskatchewan industrial manufacturers, equipment and service suppliers, through promotion of its members and the creation of partnerships with industry, government and other associations.

SIMSA

Activities

- Promote Saskatchewan member company capabilities to resource companies and others.
- Connect buyers to sellers
- On-line searchable data base of member company capabilities
- Education events
- Represent member interests (policy, immigration etc.)

Benefit of Membership

- You go where we go!
- SIMSA will profile member capabilities to resource companies, engineering firms and others in the resource and industrial market.
- SIMSA will participate in industry events to profile member company capabilities.

(eg. Saskatchewan Mining Supply Chain Forum, National Supply Chain Forum Energy, Canadian Institute of Mining)

- SIMSA will profile member companies on the website.
- SIMSA members get preferred pricing on workshops and educational events (eg. Oil and Gas 101)
